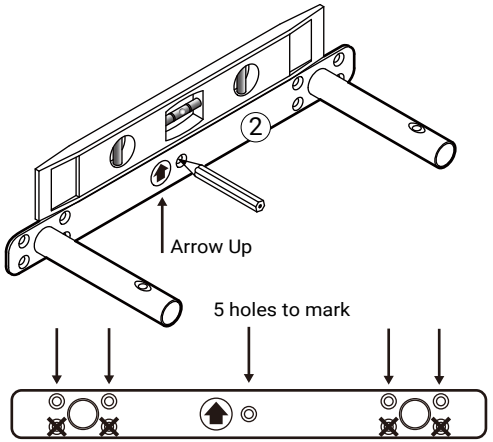
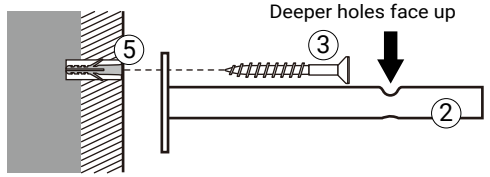
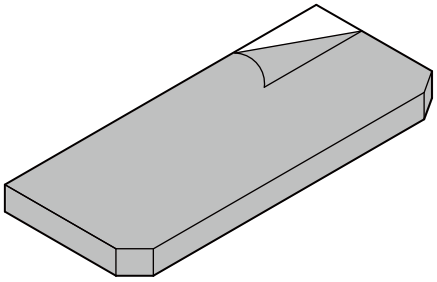
1 Take out Bracket ② from the Shelf ①.



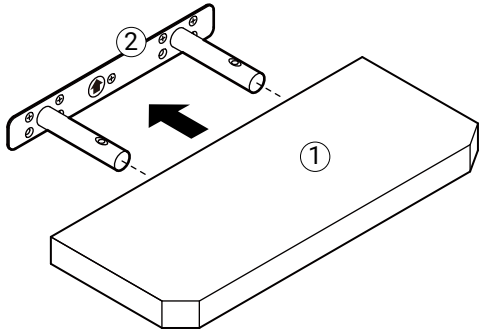
2 Level Bracket ② on the desired wall location and check if it is horizontal to the wall. Mark 5 holes as shown on Bracket ②.



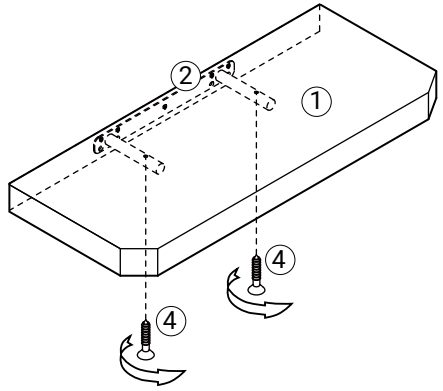
3 Drill holes in markings and insert anchor ⑤. Fasten Bracket ② with 40mm Screws ③ to wall.



4 Tear off the protective film from the shelf (only for high gloss shelf).



5 Carefully insert Shelf ① onto Bracket ②.



6 Secure Shelf ① to Bracket ② with 30mm screws ④.
